

# Corporate Services

## Human Resources

The M.D. currently has 147 full time employees and hires about 120 seasonal staff annually. The H.R. department is responsible for all employment related issues and the administration of the M.D's benefit system. The HR department supports all departments in the municipality.

## Information Technology

The IT department creates and sustains an enterprise level environment that provides effective information technology services and solutions through innovation and growth for the staff and residents of the M.D. The I.T. Department manages all computer software and hardware as well as telephone and building access.

## 2021 Key Priorities

- Draft long term financial plan policies.
- Implement financial planning measures to support operations.
- Submit the 2021 budget document to GFOA for the Distinguished Budget Presentation Awards Program.
- Submit the 2019 Financial Statements for GFOA's Canadian Award for Financial Reporting.

## 2021 Draft Revenue \$154,822,578.00
